MS Excel, SQL, Python, Pandas

PROJECT MANAGEMENT

MS Project, JIRA, Confluence

GEOGRAPHIC INFORMATION SYSTEMS

QGIS, ArcGIS, MapInfo, GeoServer

DATA VISUALIZATION

Power BI, Tableau (basic)

BUSINESS ANALYSIS

MS Office, UML, Enterprise Architect

SOFTWARE DEVELOPMENT

Django, PostgreSQL, GitHub

EXPERIENCE

DATA ANALYST

Terra Concept || 2020 – Present

- Gathered and organized data from various sources to ensure its accuracy and relevance.
- Executed comprehensive data analysis to extract valuable insights and trends that inform decision-making.
- Assessed business processes and needs to identify opportunities for improvement and efficiency. Developed conceptual documentation for complex GIS systems, including system architecture, data flow diagrams, and technical requirements.

PROJECT MANAGER | BUSINESS ANALYST

Terra Concept || 2018 – 2020

- Managed GIS projects from initial conception through to successful completion, ensuring all aspects of project delivery met quality standards. Developed conceptual documentation for complex GIS systems, encompassing system architecture, data flow diagrams, and technical requirements.
- Negotiated contracts with clients and stakeholders, assessed their needs and requirements, and developed executive presentations to effectively communicate project progress and results.
- Utilized programming skills to develop GIS applications, delivering projects that consistently met or exceeded client expectations.

SALES MANAGER | GIS EXPERT

Land Support Systems || 2012 – 2018

- Generated new business opportunities, identifying potential customers, and transforming them into high-value GIS projects. Developed a new direction of activity in the company - Urban Planning, diversifying the portfolio and expanding market reach.
- Delivered high-quality presentations, negotiations, and proposals to customers, ensuring a thorough understanding of their needs and requirements.
- Represented the company in tenders, expanding its market share through effective communication and relationship building.
